

Kuraba
Emi here,
a first
year uni
student!

Today, we're
going by
train to start
off today's
ride!

And I was
drawn in by
the charm
of brevets

I want to join!

and beautiful
scenery!

There's
delicious food

Previously, Hinako
told me about a type
of cycling event
called brevets

totally
crushed
my
spirit...

But the
huge
distances
that
brevets
cover

Hinako said
brevets
weren't the
only great
thing about
cycling and
invited me to
cycle today

After
seeing my
reaction,

ろんぐらいだあす！①

It's so convenient to be able to ride the train like this

I was wondering how we would get to the meeting point...

Can't get on crowded train!

Don't block other people!

You have to make sure you don't bother the other passengers, though

There's no worry about returning either, since we can just take the train again

With this, you can cycle at all kinds of places, even for away ones

Bringing your bike through public transport like this is called rinkou

A bunch of trains already passed...

ろんぐらいだあす！①

This smell is... the sea?

ろんぐらいだあす！①

The sea
breeze
feels
great!

And it's
so easy
to ride!

Amazing!

The road
seems to
stretch on and
on along the
coast!

This
is
the
best!

ろんぐらいだあす！①

Just a little
left more!
You can do
it!

Hinako
and Yayoi!

Huh?!

You're so
cruel,
Hinako!

だぁー

You liar

Wait, I think
your
standards
are a bit
strange?!

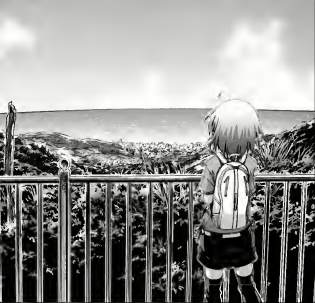

Compared to
a mountain
pass, this is
nothing,
right?

W-well...

You said
this hill
would be
over soon

Yes!

You
should be
proud of
yourself

・ 小 熊 山 & 木 崎 湖 ・

2012年10月号掲載。新連載予告カットになります。

木崎湖はとても好きな場所で、ついイラストに登場させてしまいました(笑)。

某アニメ作品の聖地としても有名な木崎湖ですが、

すぐそばにある小熊山を登りきるとパラグライダー場があり、

眼下には木崎湖を一望できる素敵なロケーションとなっています。

登りきったときの達成感は最高で、カットの亜美のように

テンション上がりまくりです(笑)。

ふんふ
ういさす!
